UNIQUE FRAME DESIGNS

MIRROR

FRAMED TV

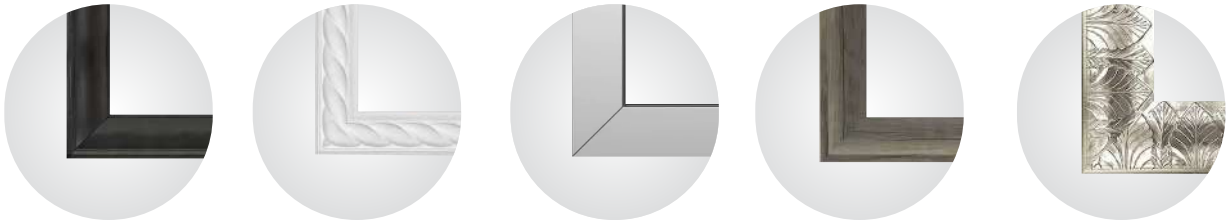
WHEN TURNED OFF, DECOVUE QUICKLY BLENDS IN

Once it is turned off, it quickly blends into your environment with precison. The sublime mirror design used in its front panel makes it quite classy.

DecoVue shows crisp, clear pictures when it is turned on, but it transfroms into a mirror in a seamless fashion once it is turned off. It is time to say goodbye to the conventional TV in your space that does not evoke excellence.

MIRROR FEEDS

Mirror Feeds is a free smart application for your DecoVue. Navigate your way into the business world, see what's trending in the entertainment industry, be updated with the latest discoveries about health and science, or see what's latest in technology. You can also monitor stocks and currencies, check the weather in your current location, or change the layout of your feeds



Black Frame | White Frame | Stainless Steel Frame | Wood Frame | Silver Frame

Vauci Frame | Mosaic Frame | Mediterranean Frame | Renaissance Frame | Gold Frame

Choose Frame Options

DecoVue offers a diverse collection of dynamic frames, seamlessly blending modern and classic styles. From iconic designer frames to exquisite wooden options, you'll find the perfect match to suit your needs.

VESA Compatible | Hang-on-the-wall | Lean-on-wall

Desk Stand | Invisible Power Cable

Choose Mounting Options

DecoVue offers a variety of versatile mounting options. You can hang it, lean it against the wall, or securely attach it using a VESA bracket to a wall or desk mount.

For a sleek, invisible look, DecoVue can also be connected using a 20-foot (6-meter) power cable. The ultra-thin cable can be discreetly adhered to the wall and painted over, allowing you to hide it under wallpaper, carpet, or wooden flooring, depending on your space. Since all DecoVue TVs operate on 24 volts, this installation method is entirely safe.

Smart Touch

DecoVue offers the option to incorporate a top-of-the-line touch-screen, making it an excellent solution for stores to showcase their product line. With the touchscreen feature, customers can interact with the products and explore their features and benefits in a highly engaging and interactive way. Whether you're running a retail store, showroom, or exhibition, DecoVue's touchscreen technology is an innovative and effective tool to enhance your product demonstrations and engage your customers. (This feature is optional and only available with Android Operating System)

Operating System

DecoVue comes with an Android TV box as a standard feature. The versatile top box compartment can also be used to store an Apple TV or other set-top boxes. This thoughtful design makes it easy to upgrade your entertainment setup, keeping it current for years to come.

Note: Apple TV and other set-top devices are not included and is at the buyer's expense.

ANDROID TV BOX

- DecoVue includes a built-in Android TV box, offering crystal-clear picture quality and access to popular streaming apps, all seamlessly hidden behind the mirror.

LOGITECH K400

- Integrated wireless keyboard with touchpad
- Media friendly TV keyboard
- Designer for laid back control
- Logitech advanced 2.4GHz wireless connection
- 33 ft/10m wireless range
- USB interface
- Plug and Play Setup
- Customizable Control

POWER SUPPLY

- Using power supplies other than the one provided with your DecoVue, even if they match the same specifications, it may damage the product and void the warranty.
- Before ordering a replacement, please contact support at support@evervue.com so we can ensure the correct power supply is provided.

Note: The power supply may vary depending on TV size.

REMOTE: EVERVUE & ZEPP

- This remote is replaceable and compatible exclusively with Evervue TVs.

Note: Not waterproof
