

Step 1 Download and Install the "Mic Test" app from the Play Store.

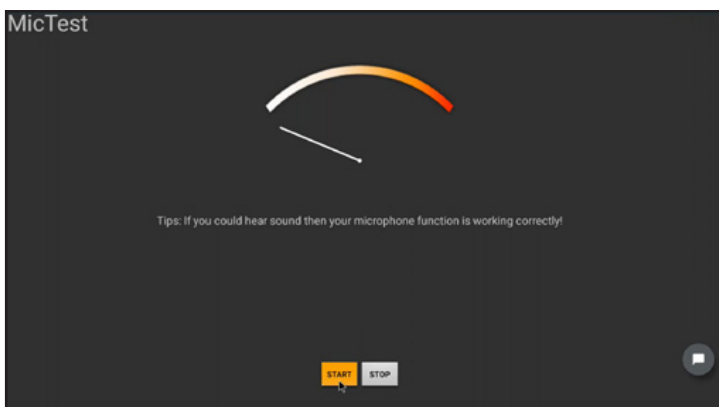

i Please use the Link provided below.
link: <https://play.google.com/store/apps/details?id=com.nes.mictest>

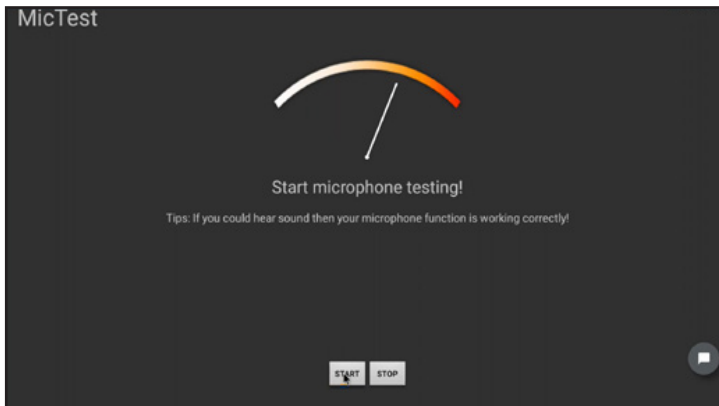

Step 2 Open the app from your installed applications.

Step 3 Click the "START" button and speak into your device's microphone.

Step 4 The app will display a graph indicating the strength of the audio signal. If the line turns orange or red you can hear yourself. Your microphone is working properly

i You have now successfully complete your microphone test.
