

Motion Detection

Instruction Manual

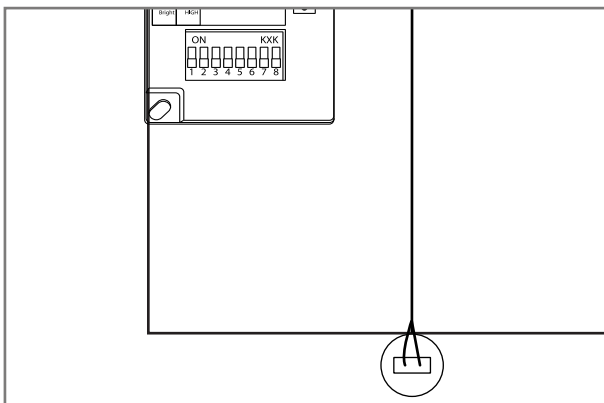

1 Check the Items After Receiving.

Before installing, check to ensure that you have received all the package contents.

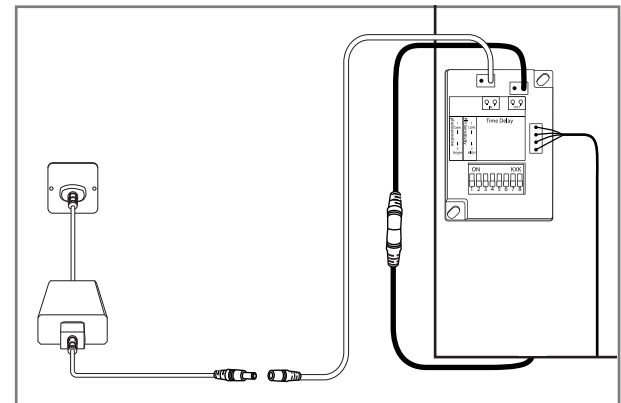

2 Connect to Mirror.

Take the male plug of the sensor and connect it to the female plug of the mirror.

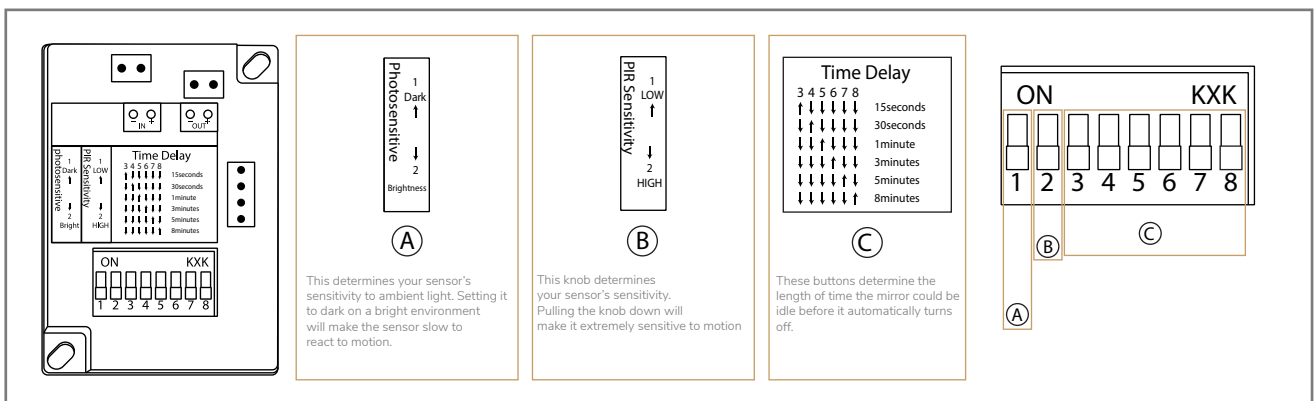

3 Attach the Sensor Under the Mirror.

Attach the sensor under the mirror.

4 Connect to the Power Supply.

Take the female end of the sensor and connect it to the power supply. Then plug the power supply to a power source to bring power to the mirror.

5 Adjust to Your Preference.

Change the sensitivity as well as the time delay according to your needs.
