

Evervue Defogger

Defogger Technology.
Enhance your MirrorVue with a defogger and
enjoy the convenience of a fog-free viewing area,
no matter how steamy your bathroom suite may get.

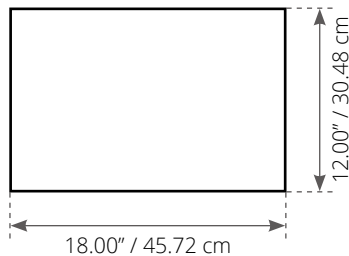

No matter how steamy your bathroom can get, our optional defoggers will keep your mirror crystal clear by warming the back of the mirror glass. Choose the size and shape that best suit your mirror. We offer 3 different shapes/sizes to make your MirrorVue truly unique. You can install up to 4 defoggers on your MirrorVue and safely power them by 12VDC which can be controlled separately or together with your light switch.

So turn up the heat and watch the fog on your mirror disappear within seconds!
