

# Panel Testing Mode Instructions (4K TV System)

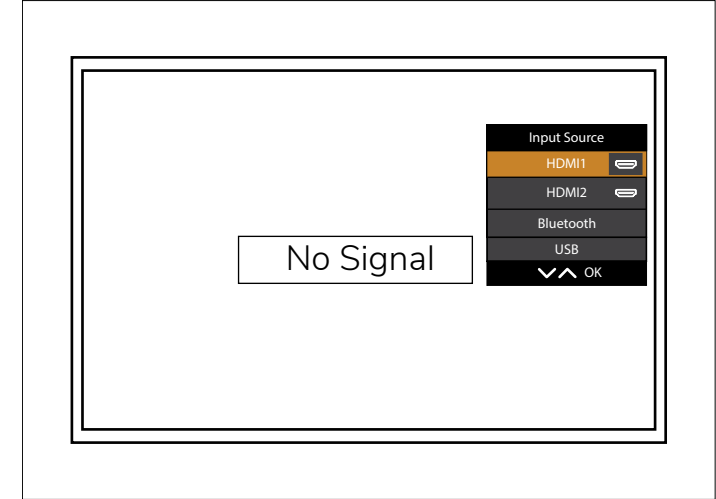

## 1 Remove the Android Box

On the back of your TV, find the small android box attached and remove it from the TV.

## 2 Press the Source Button

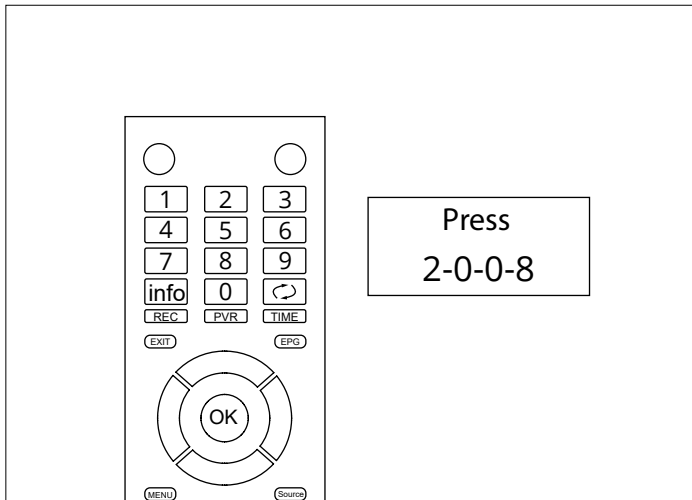

Find and press the "Source" button on the remote.

## 3 Highlight the HDMI1 Input

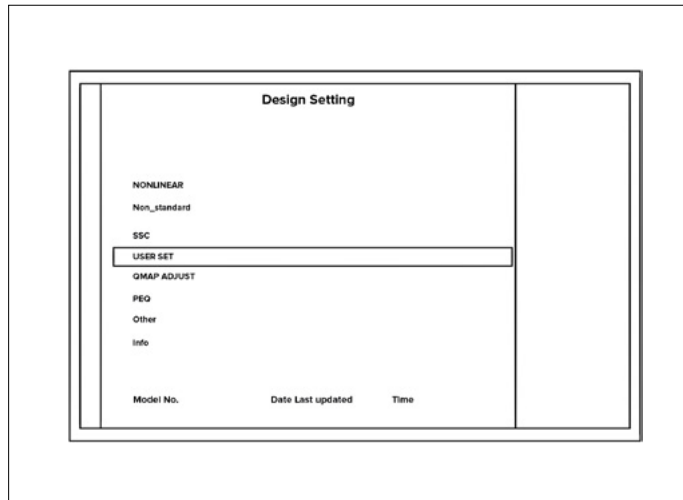

An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.

\* Note: If the HDMI button is accidentally pressed, press "Exit" button and go back to Step 2.

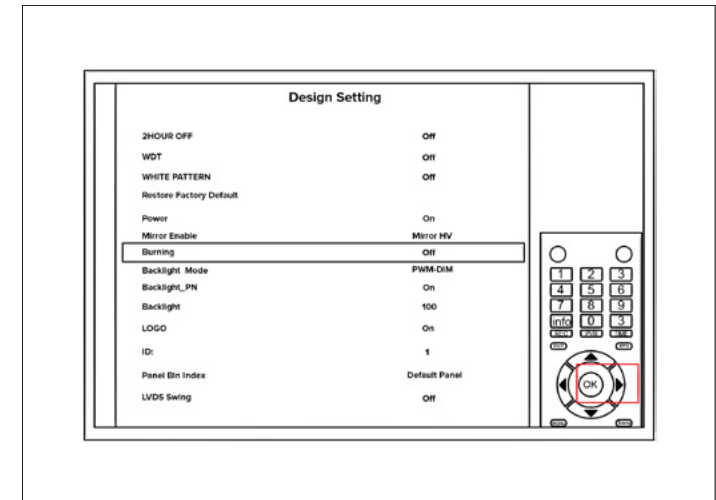

## 4 Press 2-0-0-8

Slowly press the buttons 2-0-0-8 on the remote to bring the "Design Setting" up.

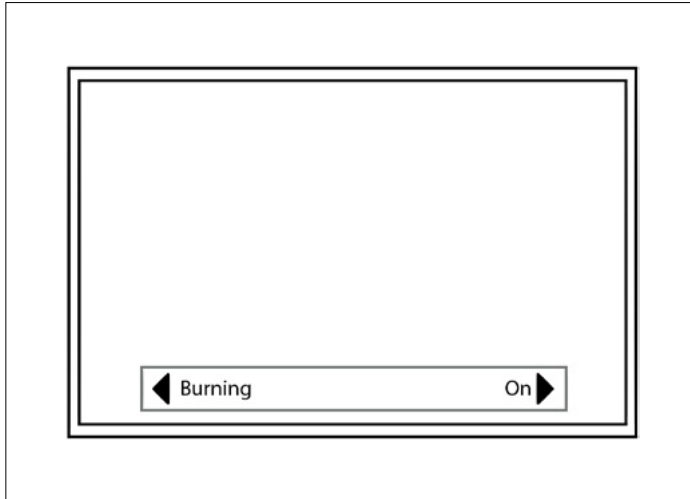

## 5 Press User Set

Under "Design Setting", find and press "USER SET".

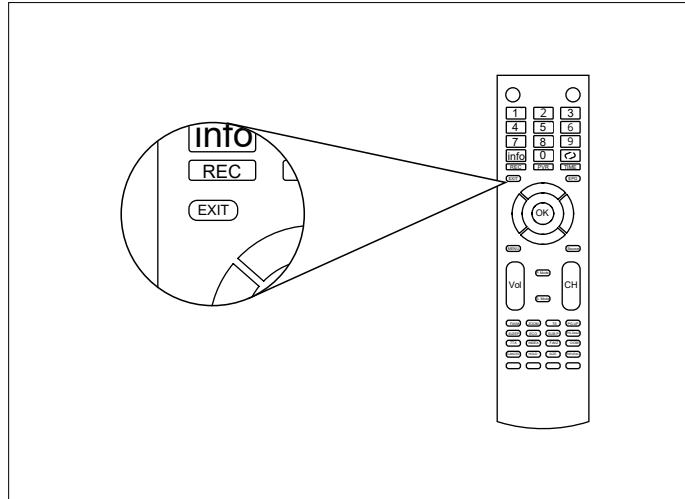

## 6 Press Burning

Under the "User Set", find the "Burning" option then press "OK", followed by the ► button on the remote.

## 7 Set Burning to On

The burning settings would pop up on the bottom part of the screen. Again press the ► button to set burning to on.

## 8 Press the Exit Button

Press the "Exit" button on the remote to go back to the main TV screen.
