

Panel Testing Mode Instructions (HDMI TV System)

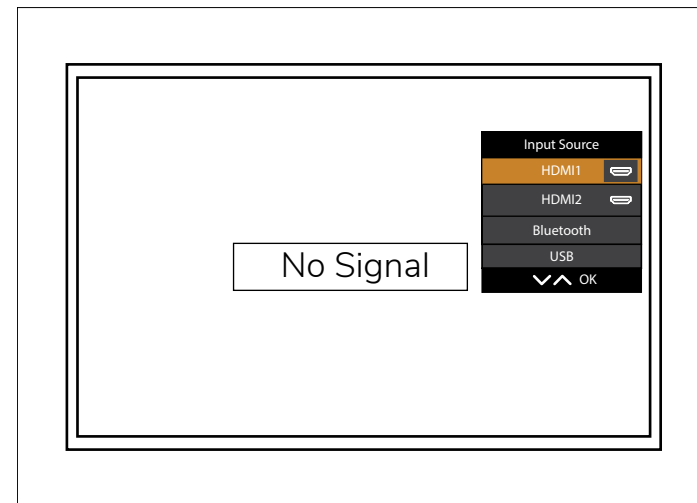

1 Remove the Android Box

On the back of your TV, find the small android box attached and remove it from the TV.

2 Press the Source Button

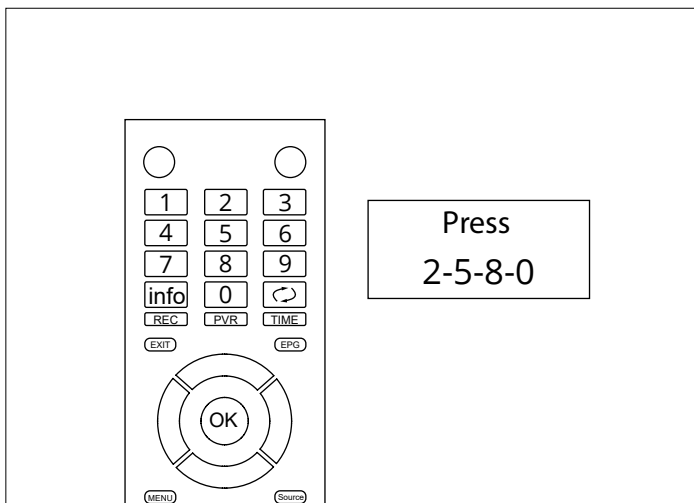

Find and press the "Source" button on the remote.

3 Highlight the HDMI1 Input

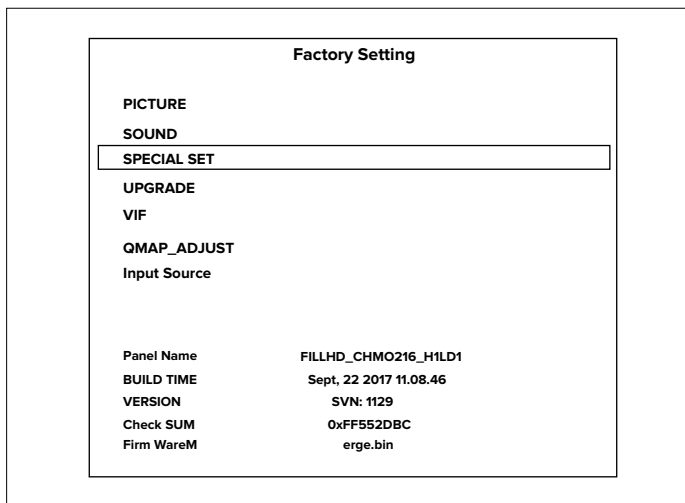

An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.

* Note: If the HDMI button is accidentally pressed, press "Exit" button and start from the beginning.

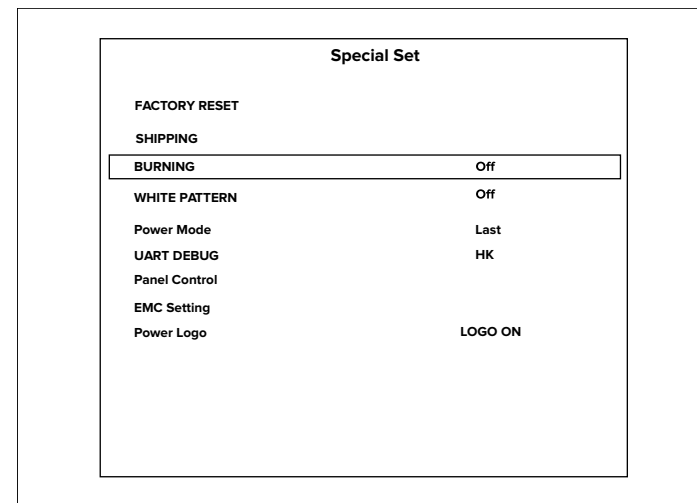

4 Press 2-5-8-0

Slowly press the buttons 2-5-8-0 on the remote to bring the "Factory Setting" up.

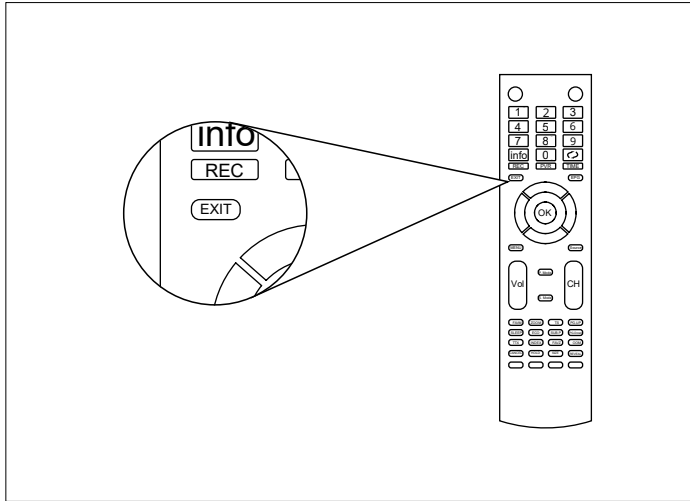

5 Press Special Set

Under "Factory Setting", find and press "SPECIAL SET".

6 Press Burning

Under the "Special Set", find the "BURNING" option then press "OK", followed by the ► button on the remote.

7 Press the Exit Button

Press the "Exit" button on the remote to go back to the main screen.
